Internationally Recognized, Certified & Experienced Instructor:

Lloyd R. Smith, Jr., a retired Air Force Colonel has 25 years experience in Information Systems and 22 years in Disaster Recovery. As Director of Information Systems for the Oklahoma City Air Logistics Center for five years, he and the Information Systems Staff were responsible for a disaster recovery operation when a 40 hour, 22 alarm fire threatened three critical operations centers and did \$138 million dollars in damage to the logistics, maintenance and manufacturing facility and seriously disrupted critical government operations. Lloyd also provided disaster recovery assistance to a government client, on site after the Oklahoma City

Federal Building Bombing. He was involved in the devastating F5 tornado in Oklahoma City and assisted an international corporation with hundreds of people at ground zero in their human and emergency response immediately following the terrorist attack on the United States.

Colonel Smith, a graduate of the U. S. Naval Academy, Annapolis, MD has a Masters Degree from the University of Oklahoma. Certified as a Master Business Continuity Professional (MBCP), he is an internationally recognized speaker and instructor and has become a leading advocate for corporate and government agency disaster prevention and recovery planning. He founded Business & Government Continuity Services, which provides business and government disaster recovery awareness and consulting services to include risk assessments, business impact analyses, disaster recovery plan development, testing, personnel/team training, recovery plan **mentoring/coaching and auditing.**

Lloyd has been active in developing business continuity policies and standards while serving on the Disaster Recovery Institute Certification Commission and the Disaster Recovery Institute International Board of Directors for eight years. He has served as an instructor for 18 years, has taught over 175 Disaster Recovery Institute International Courses and served as an adjunct professor teaching business and government continuity at the University of North Texas. Colonel Smith is a member of InfraGard, a partnership with the FBI, government, business & private sectors to protect America's critical infrastructure. He is also advocating and training to promote total continuity to include business, government and community continuity to prepare all segments of society for major disasters, terrorist attacks and pandemics and is working with the Boy Scout leadership, churches and neighborhood associations.
